

# Mouldings Collection 2023

# Welcome to our new Mouldings Collection

Our gorgeous wooden mouldings are of the highest quality and elegance, enhancing the natural beauty of your home. From tasteful, decorative railings to skirting and architrave, we offer anything that you could need to transform your room. Whether it is architrave and skirting to hide those little gaps between walls, door frames or floors, or coving to soften the square edges of a room or simply for decorative use you will find everything you need.

In line with our commitment to quality, we only provide products that are made from the finest quality timber and have been responsibly sourced. This includes a range of timber mouldings carefully sculpted from top timbers such as pine, oak, light hardwood and red hardwood. We also provide a number of products created from contemporary non-timber materials including aluminium and PVC.

We have a whole host of choices available so you can create a living space that truly embodies your personal style and taste, making your home unique to you.

## Dowel

The typical use for a dowel is to reinforce wood working joints, however they can also be used as curtain poles, rails and even work incredibly well for plugging screw holes. Here at Cheshire Mouldings we have a range of dowel available in various sizes and timbers including pine and light hardwood.

OM031
